# Preface

This directory identifies personalities in Vietnam who hold key positions in the Communist Party, national government, legislative bodies, military organizations, the diplomatic service, and selected mass organizations. It has been prepared primarily from information derived from official Vietnamese news sources.

An alphabetical personality index is included at the end of the publication. Telegraphic spellings, when available, are provided in the personality index; these spellings represent diacritical marks and are based on the system used by the Vietnam News Agency. Duplicate names in the index refer to different individuals with the same name. The names of officials known to be female are followed by the letter f.
